

Word Helper

Word Helper will highlight words difficult to pronounce. When you click those words the narrator will sound them out. This feature is available in:

- The Best Excuse
- Bugs! Bugs! Bugs
- Caillou and Gilbert
- Caillou Tidies His Toys
- Down to the Sea with Mr. Magee
- The Fire Station
- Jack and the Beanstalk
- Odd Velvet
- One Duck Stuck
- The Paper Bag Princess
- Pigs
- Round Is a Mooncake

Language Learning

Access children's content in English, french, Spanish, Chinese, Russian, Korean, and German.

Playlist

Playlist offers you access to pre-made playlists where story books play one after the other. To access this, select the pink **Playlists** button in the colourful menu bar. TumbleBooks is releasing videos into the TumbleTV pre-made playlist. Here you can listen to jokes from stand-up comedian, Tommy Tumbler, before listening to a few new books.

You can create your own playlist too. Simply click on the red **Add to Playlist** button below a story book. To access this, select **Playlists** from the blue menu bar.

Access TumbleBooks from the Peace Library System website

TumbleBooks Library

TumbleBooks offers animated and narrated story books, narrated eBooks, traditional eBooks and graphic novels for young kids. Story books are created by taking existing pictures, adding animation, sound, music and narration to produce an electronic picture book which you can read or have read to you almost like a video.

Stream or Download

All of the books, games and videos on TumbleBooks are available exclusively through streaming so it never takes up any space! You need a continuous internet connection in order to access and use content on TumbleBooks.

Software

TumbleBooks will work on an up to date web browser.

Download the free TumbleBooks app from the Android and iOS app stores. The app will let you continue to stream your favourite books, videos and games.

Story Books

These animated and narrated books bring the illustrations to life. Users have the option to automatically or manually turn the pages.

Read-Alongs & eBooks

Read-along and eBooks offer the digital version of the book without illustrations. Read-alongs offer a narration feature but the traditional eBooks do not. Both read-alongs & eBooks have chapter menus, bookmarks, notes and the ability to change the font type, size and colour. You can also change the background colour and text spacing to make it easy for you to read. Bookmarks and notes are saved on your computer only.

Graphic Novels

Turn the pages by scrolling down the screen to read the graphic novels. Click the arrows on the top left and right to go to the next chapter.

Videos & Games

Videos from the world renowned National Geographic offer 2-5 minute clips on different topics. Simply click **Play Video** and enjoy!

Books on related content are paired with the video and can be accessed by selecting the green **TumbleBook** button. Related games can be accessed by selecting the yellow **Games** button.
